

LIFE
PAD

RESUSCITATION AID

LIFEPAD® THE CPR COACH HELPS YOU PERFORM OPTIMAL CPR COMPRESSIONS AT THE CORRECT COMPRESSION RATE.

At first we are often overwhelmed in emergencies and are afraid of doing something wrong. The only wrong thing is to do nothing at all. Due to its compact size, the pad is just a flick of the wrist away. The patented LifePad® guides you during resuscitation and helps you to carry out the right steps safely.

WHY LIFEPAD®?

- **STEP-BY-STEP INSTRUCTIONS FOR RESUSCITATION:** Easy to use
- **VISUAL AND ACOUSTIC FEEDBACK SYSTEM:** For optimal compression depth and pressure frequency
- **COMPACT SIZE:** 21 x 16 cm
- **FLEXIBLE MATERIAL:** Adapts to the shape of the body
- **EASY POSITIONING:** Instructions and marking directly on the pad.
- **PRACTICAL APPLICATION:** Pad is splash-proof and can be used in combination with a defibrillator
- **SCOPE OF DELIVERY:** LifePad® as a single-use product incl. 1 x CR2032 battery medical device

A HEART ATTACK CAN AFFECT ANYONE, and many first-aiders are overwhelmed at first and are scared of doing something wrong in an emergency. But the only wrong thing you can do is to do nothing. The patented LifePad® by beurer guides you through the resuscitation process and helps you to carry out the correct steps properly.

EASY POSITIONING

Instructions and markings directly on the LifePad®.

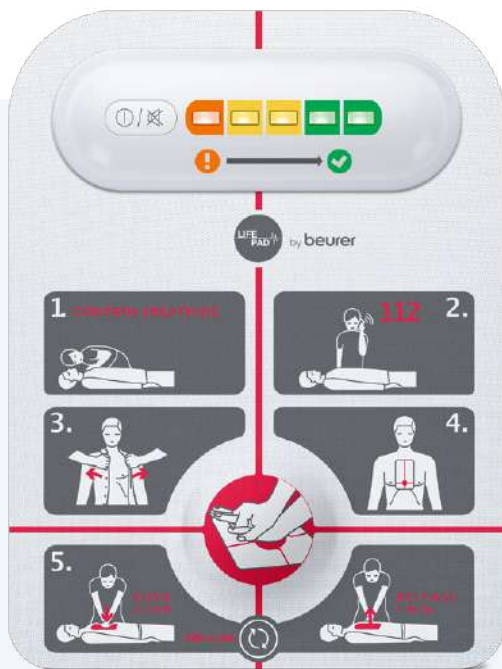

ACOUSTIC SIGNAL

To set the optimal compression rate of **100 beats/minute**.

VISUAL FEEDBACK THROUGH COLOURED LEDS

To maintain the correct compression pressure.

The cardiac massage needs to be performed until there are clear signs of life again or until the emergency doctor takes over.

IN AN EMERGENCY, MINUTES OR EVEN SECONDS ARE OFTEN CRUCIAL.

Thousands of lives could be saved every year if more people were to perform a cardiac massage immediately in an emergency.
